Quick Reference Guide: Practicum Course Instructors

Carefully review the activity categories on your student's timesheet. All students are required to complete a minimum of one hour/week supervision and that should be reflected on their timesheets.

PRACTICUM ACTIVITY DESCRIPTIONS: The following descriptions may be helpful in categorizing field hours based on activities. Students should consider the intention when assigning time and not just the nature of the activity. There can multiple ways to identify field work. For example, communicating with an agency stakeholder might fall under client contact or meetings/conferences, depending on context.

- **CLIENT CONTACT** – (includes micro-mezzo-macro client systems) i.e. phone contact, emails, therapy sessions, in-person, virtual; individuals, groups, organizations, communities, and institutional client systems are included in this category.
- **SUPERVISORY CONFERENCES** – Weekly meetings with Field Instructor, Task Supervisor, other supervision sessions, etc.
- **ORIENTATION OR TRAINING** – New student/volunteer orientation, trainings, and ongoing professional development.
- **MEETINGS/CONFERENCES OUTSIDE AGENCY** – Attending or collaborating with external groups and organizations, including community stakeholder groups, task forces, community partner meetings, etc.
- **OBSERVATION OF OTHERS** – Observing a client session, program meeting, MDT, etc.
- **PAPERWORK/DOCUMENTATION** – Creating plans, reviewing/revising manuals, and developing documents; developing Field Learning Plan, assessments, and timesheets; drafting grant proposals, research summaries and internal memos; documenting client case notes, group summaries, etc.
- **POLICY/ADVOCACY WORK** – Outreach, education, and Social media; researching policy strategies and solutions; drafting issue briefs, contacting stakeholder groups regarding policy initiatives; actively campaigning; conducting communications for purpose of policy education or activism/advocacy.
- **EVALUATION WORK** – Reviewing research and program evaluation data; compiling reporting materials; conducting key informant interviews, focus groups, and other forms of quantitative/qualitative research.
- **SEMINAR PARTICIPATION** – Completing seminar assignments (if applicable) including discussions, reports, group work, and attendance of live/synchronous

sessions. Students may not go over a maximum of 25 hours towards seminar participation in classes with required seminar activities and assessments.

- **OTHER HOURS** – Self-care, related-learning experiences, etc.
- B. Click **Sign here** to approve the timesheet. Click on **Request Changes** if you want to request the student make changes to their timesheet.

X. REVIEWING STUDENT EVALUATIONS
