Research Activities:

2015 – present Evaluator for the Johnson County Community of Hope
This contract with the Commonwealth of Kentucky is for the evaluation of a project in Johnson County Kentucky which provides intensive outpatient treatment to women who have or are at risk of losing custody of dependent children as a result of substance use problems..

2013 – 2015 Evaluator for Families in Safe Homes Initiative, Kentucky River community Care.
This grant provides assessment and support services to families who have or at risk of losing custody of children as a result some form of child maltreatment.

2011 – 2013 Evaluation for Kentucky River Region, Partners Advancing Recovery in Kentucky, CSAT funded project
This grant establishes a recovery oriented system of care for Appalachian adults living in the Kentucky River Region mental health district.

2009 – 2016 Evaluator for St Jude’s: Catholic Social Services Tri County Permanent Supportive Housing Initiative, a SAMHSA funded project
This grant provides wrap-around services to homeless individuals who are substance misusing and/or have mental health diagnoses in Scranton Pennsylvania.

2009 – 2014 Consultant to Reentry Alcohol Services for Rural Offenders 090259F2L NIAAA
This grant utilizes a brief Motivational Interviewing intervention to improve outcomes for alcohol misusing rural offenders reentering society

after incarceration.

2008-2012 Consultant on grant HHS-2007-ACF-ACYF-CU-0022, Families in Safe Homes Network.

This grant is a 5 year project to develop a cooperative network among service providers, child protective services agencies, and the criminal justice system that will increase efficacy of referral and intervention, most specifically of substance use problems, in cases of child endangerment.

2005 – 2009, Principal Investigator , Evaluation for TCE Project TI 17186 Assertive Community Living for Dually Diagnosed Appalachian Adults.

CSAT funds this project whose object is to improve the quality of life and decrease the number of hospitalizations for adults in 8 counties of Appalachian Eastern Kentucky who suffer from both Substance Use Disorders and serious mental health disorders through the use of Assertive Community Treatment. The project evaluation measures both continued substance use and psychiatric symptoms but also focuses on the ability of individuals to function in daily living.

2005-2007, Co-Principal Investigator, Social Needs Assessment for Newtown Pike (South Park) Renewal Project.

This is a project funded by the Lexington-Fayette Urban County Government directed at assessing the social needs that may arise from the renewal of the Davistown area of greater Lexington. It is being done in conjunction with the Department of Anthropology, University of Kentucky.

2004-2006, Co-Principal Investigator, Spirituality in an Alaskan Native Substance Abuse Treatment Program

The Metanexus Foundation, a subsidiary of the Templeton Foundation, as well as a variety of Native American and Alaskan organizations, funds this project. The project's purpose is twofold: to pilot the use of Native Alaskan (Tlingit) healing practices in an inpatient treatment facility to determine the effect on engagement and treatment efficacy on Native Alaskans; and to develop a method of measuring Native Alaskan spirituality.

2002-2003, Clinical Consultant, Kentucky Appalachian Project

This project is a CSAT Targeted Treatment Expansion Project that expands services in three Appalachian counties in Eastern Kentucky. The project is designed to utilize treatment protocols, including Motivational Interviewing, that improve the client engagement and retention rates of substance abusers seeking treatment in these three rural counties.

2000 – 2004, Chief Evaluator, Taylor County Rural Women's Recovery Project..
TI-12354

This project uses a CSAT Treatment Expansion Grant to provide gender specific intensive outpatient treatment to rural women in Taylor, Adair, and Greene counties. The evaluation involves measures to better describe rural women substance abusers, examine treatment effects and outcome, and to explore attitudes in rural communities. \$1.5 million.

1999 – 2002, Project Director, Kentucky DUI Project.

This is a statewide data management project to improve assessment procedures for individuals convicted of DUI and to create a database that allows the Kentucky Division of Substance Abuse to do better off-site monitoring of assessment programs. \$90,000 per year.

1999 – 2001, Study Director, Kentucky TOPPS II. 5 UR1 TII1613-03.

This is a cooperative agreement between the Kentucky Division of Substance Abuse and the Center on Substance Abuse Treatment in which we are the contractors designated to carry out a multi-state treatment outcome study. The primary emphasis of the Kentucky TOPPS II Project is to examine issues related to doing treatment outcome in a rural context. \$1.2 million.

1995 – 1998, Co-Principal Investigator, Rural Substance Abuse Treatment Development Grant # 1 RO1 DA10101.

This was a Stage One NIDA Treatment Development Grant that modified proven treatment approaches to meet the needs of a rural population. \$ 1.2 million.

1994 – 1998, Project Director, Kentucky Treatment Outcome Study.

This is a statewide substance abuse treatment outcome study funded under contract with the Kentucky Division of Substance Abuse. \$95,000 per year.
