

# **BASW Student Field Practicum**

## **Some important questions to ask when contacting an agency**

1. Do you take BASW level students for practicum/internships?
2. Do you have a BASW or MSW level social worker on staff who can provide at least 1 hour of supervision per week? How long have they been working at your agency?
3. If the answer to number 2 is no, then ask if they have any social workers with their BASW or MSW on the agency Board or in an affiliated program who could provide supervision.
4. On average I will need to work approximately 17-20 hours per week. Can your agency accommodate that many hours for students?
5. Does your agency require its own background check? If so, how long does that usually take to process before I can begin my practicum? Do I have to pay for the background check?
6. (If needed) Does your agency offer the opportunity to work evening and/or weekend hours?

## **Some important questions to ask at your agency interview**

2. What are some of the tasks/projects that previous practicum students have accomplished at your agency?
3. Do you require your students to work a consistent schedule or are you flexible in terms of days/hours?
4. Will I be able to have direct client contact?
5. How many different individuals will I be able to work with while at the agency? What are their professional backgrounds?
6. Will I be able to attend board meetings and other organizational events?
7. Do you have any training materials that I could review after our interview?
